## Tarot and Astrology for Spiritual Growth

You have a personal connection to Spirit, you are a manifesting maniac, you have worked through several spiritual systems and found the good in them, and there are one or two that you've worked extensively with over the years. But there is still a longing, a desire for something more. You feel there is a deeper connection to Spirit out there, and you have studied enough to know that the only truth is within you. You are ready to begin the Empyrean Key method.

The Empyrean Key method integrates the intuitive communication of the Tarot with the Astrological blueprint of your life purpose to create personalized spiritual practices aimed at evolutionary transformation. The Empyrean Key method has been called “almost indescribable in its effectiveness for soul-exploration.”
